My name is Katie MacLaughlin (she/her). I'm asking for your vote for an HCEA Board of Directors seat. I've been a teacher at The Homewood Center for 10 years. As a board member, I would bring my experience working with Trauma-Informed practices, Restorative Justice, Mindfulness, and Special Education to helping my ESP and Certificated colleagues maintain and grow their strength through our association. I would be honored to represent you. I want to bring your concerns to the Board to form viable solutions that we can implement together. Thank you!
