

HCEA Secretary

John Wallace

I have been an educator and organizer for 20+ years. Howard County native and resident. Son of an educator. I've represented educators and state employees as a union staffer (MD and NM) through organizing, contract enforcement, negotiations, arbitrations, impasse, representation, and through the legislative process. I'm a building rep at Wilde Lake High School, where I have served for 6 years. I am Co-Chair of the organizing committee, lobbied both legislative nights in 2023 and attended the NEA organizing institute last summer. My priority is to serve, empower, organize, energize and obtain the resources for educators and students.
